SUMMARY:

As I am a Computer Science Engineering student pursuing B.Tech, and I have skills in Machine Learning using Python, and Web Development using HTML, CSS and SQL. I am excited to work in a dynamic organization that values learning and growth, where I can apply my knowledge and skills while contributing to the company's success. I enjoy solving problems and am always eager to learn new things. I am confident that I can make a positive impact on any team

WORK EXPERIENCE:

nippon seiki
